INTRODUCTION

The TESOL Course is offered as a top-up qualification to participants who have been teaching English language on a professional basis, but do not hold a recognised teacher status qualification in the subject area.

This course is therefore a means of providing existing teachers with a qualification that validates the work they have already been doing to provide them with evidence of their experience in order to support their future professional and educational plans. It also establishes good practice for continuing professional development (CPD).

The TESOL Course's teaching and learning materials are designed and developed by Imperial English UK (IEUK), which is an evolving and innovative UK brand with a growing reputation for excellence in education. IEUK supports local and international schools, centres, colleges and universities by providing our expertise in improving English language learning and teacher development initiatives.

AIMS & OBJECTIVES

This qualification has been designed to provide the underpinning knowledge and skills required to teach English as a second language. Participants will develop skills in English language usage, teaching and assessment, teaching skills, developing and evaluating teaching materials and will be able to reflect on their own performance and professional development.

The TESOL Course gives participants the opportunity to:

- Explore and enhance the skills necessary to become a competent and capable English language teacher
- Validate and recognise his/her experience of teaching English language

- Develop new skills and knowledge that can be immediately applied
- Prepare to take up positions in educational establishments or to work independently
- Gain access to higher education pathways, such as a Master's degree

COURSE MODULES

The course is divided into 5 modules listed below:

1. Language Awareness & Skills
2. Methods and Approaches
